I went to measure their hood and they just don't have enough room. We need to cut 18" of plancha and the 12" spreader on the right side.

Everything stays the same except.

The V2P36B goes to back to a V1P18B

The V4B24B goes to a V2B12B.

Shorten the stub riser, front rail and caster dolly.

We got the order for the fryers, but I would like them to stay on the quote and drawing.
