Hi David,

They want to move forward with this drawing. Can you draw the VACB as is and I can make a note in my email about the griddle plate? The over shelf will be used for fajita plates. The image is in the accessory part of this link: <https://www.vulcanequipment.com/charbroilers/36-vacb-series-achiever-restaurant-charbroiler>

Please let me know if you have any questions.

Thanks,

Steve

Morning,

Have you any info on the VACB griddle and over-shelf ?

Steve,

I imagine that over shelf is a no go with fire inspectors
