Good morning David – Arizona Restaurant Supply has a job they are working on and they are asking for the line up on the attached to be drawing up as shop drawings for approval. This is not an order yet, but one will be forthcoming. Tina Ditsch said that you handled these kinds of drawings. Can you please make sure the drawings reference the job name Mayo East Expansion and then send these drawings back to me when completed? Thanks!!

****NEW - Please send all purchase orders to orders@totalsourcefdsv.com**

Please send all quote requests to quotes@totalsourcefdsv.com

Subject: Mayo East Expansion Vulcan Cookline

Good afternoon Lisa,
Please see the attached Vulcan lineup, as well as the drawings and elevations for Mayo East Expansion. The specs are calling for this line up to be drawn up as shop drawings for approval. Can Vulcan provide this?

Thank you

Respectfully,

Brad Celusak

Good afternoon David,

I wonder if you might be able to help me with the request below? We will build the quote in house, but the consultant would like both cad and revit drawings for the layout as he has it listed.

Please send all purchase orders to orders@totalsourcefdsrv.com

Please send all quote requests to quotes@totalsourcefdsrv.com

Subject: Vulcan Mayo-EX
Importance: High

Please request both CAD and Revit "shop drawings" for the following "wall suite";

Project is Mayo Clinic Hospital-Phx, AZ
Building 3, East Expansion to be known as Mayo-EX

From right to left;

1. Model VGMT36B, 36" T-stat Griddle with Rapid Recovery plate and cabinet base with doors.
 2. Model V4B24B, 24" (4) Burner Range with cabinet base with door.
 3. Model V4B24B, 24" (4) Burner Range with cabinet base with door.
- On Dolly with casters, preferably only 6, 4 if possible.
 - Unless dolly raises work height then no dolly just casters, as few as possible.
 - Common front shelf.
 - Common low flu riser, lowest available.
 - Common gas connection in rear.
 - Cap and cover front gas connections at ends.

ASAP please and thank you.
