Subject: New Drawing Request - Alamar Elementary School (Bob Tully) - Please Assign

Design Team,

Here is a 4-Series drawing request for Bob Tully. Started in concept under number C-14612 but there is too many pieces to put in a single lineup and also a few slight mods (Receptacles on two end units etc, daisy chain atc,)

Flow should match the sketch above, items 1-7 go in lineup and item 8 is standalone. Let me know if there are any questions – thanks.
