Hi David,

I have an update to this request. You can disregard doing a rendering for the Flatware & Tray cart – customer is fine with our standard cart.  
Please proceed with the other 2 custom 4-series.

Thank you,  
Sheila

Hi David.

I don't know if you have worked with Sheila Oppeneer yet, but she has a new 4-series project that could use some of your attention.

Feel free to contact her for any questions.

Hello,

PO from customer is coming soon and renderings/drawings are needed for the custom 4-series units (items 83 & 86) – project is Boelter. For item #73, the Flatware & Tray cart – only modification is to angle the top where the flatware sits.

I have attached the following:

1. My quote (see for specification details).
2. Pictures of breath guard to match

Other details for this project –

The breath guard uses ¼" laminated glass with stainless shoe instead of plexi.  
Laminate selection – Formica 9285-58 White Twill

Requested deliverable = Rendering and CADs by July 29<sup>th</sup>

Please let me know if you have any questions.

Thank you,  
Sheila
