Hi David, Here is another project for you. Please reach out to Jim or myself with questions. It is due by Friday.

Thanks,
Jill

Subject: Series 4 Edgewood HS - Freis - Due

Can you update per:

Can you please update my drawings for this quote? Attached are the drawings for the layout of the line. The red box has a 30W x 28L utility, the single unit with 2-well cold and 2-well hot/cold, and then another 30Wx 28L utility (these can all have line locks).

Then two cashier carts have a blue box around them. Can you please detach the cashier cart from the line so it doesn't look like its connected?
