Hi David! This is fish file or hot pot...

Can you make the two changes below?

On another note they have asked for 2 layout changes on the plan.

1. Pressure fryer to right of two fryers it is now shown to left.
2. Swap locations of Kettle and File Fridge. Will need to have a splash guard on kettle or Penny Pressure cooker to insure no water issues.

Thank you,  
Roxanne Holt (she/her)

[EXTERNAL]

Hey Roxanne

Good Morning. I spoke with the customers they were very pleased with the work done and the look. They are a bit hesitant about Vulcan not sure why but will find out. They may definitely need some Roxanne time at the Warehouse/Factory.

On another note they have asked for 2 layout changes on the plan.

1. Pressure fryer to right of two fryers it is now shown to left.
2. Swap locations of Kettle and File Fridge. Will need to have a splash guard on kettle or Penny Pressure cooker to insure no water issues.

Thank you  
Pat

Attached is the drawing that shows the tubular shelving.

Patrick, do you want me to get one more design showing the 10 inch high riser?

Thank you,

Patrick,

Please excuse the mess, they were in the middle of installation.

This lineup shows the difference in the height between the 6" stub riser and the 10" high Stub riser.
