Hey there! Please see below. Thank you :)

1. Please do back to back cheesemelters.
2. go with 18" single fryer
3. go with 18" single plancha

Hello Chris!

I can def get you a drawing asap, but looking at this, I have a couple of questions. The numbers on the drawing below correspond with the questions list below:

1. We do not have a pass thru cheesemelter. Can I do this with either a single sided cheesemelter or put two back-to-back. Let me know.
2. They call for a 24" fryer, which we do not have in HD. Is the VFRY18F or two VFRY18F's – which way would you like to go?
3. We don't have a 24" plancha. Do we want one 18" or two, making the unit 36"?

Let me know on these and we can get this design put together for you!
