David,  
Did I send this to you?  
If not this project needs to get done as soon as possible.  
Sorry- thank you!  
Please let me know if you get this!  
Thank you,  
Jill

Subject: New 4-Series - Hurley SD (Curtis) - Due=Best Available

Hello,  
Sales has requested renderings for the custom 4-series units (items 3, 4, and 5 in the quote) for the Hurley School District project.

I have attached the following:

1. My quote (see for specification details).
2. Logo for on the units

Other details for this project –  
Items 3, 4, and 5 are to be placed in a 'U' configuration with item #4 in the middle. The cold pans on the other units (3 & 5) are to be close to the cold pan in item #4 but still be accessible by the operator.  
Tray slides around the full outside perimeter of the 'U' configuration.

Requested deliverable = Rendering

Please let me know if you have any questions.

Thank you,  
Sheila

Morning David,

This is how they would like the U-shape configuration – you guessed correctly. I made some comments on the placement of the cold wells – we need to make sure the operator can access all 3.

The background color wasn't specified; I would go with gray to help the logo stand out. Yes, one logo centered on each cart on the customer side. I'm not sure how that will fit/look on the small cart with the vent.

Thank you,  
Sheila
