Hello David,

Could you put together a design for the following lineup:

V6B36C with Reinforced riser and 36IRB on top
V6B36S with V36DD double shelf riser
VCBB36S with double high riser with no shelving

All on legs.

108" Overlapping, non-telescoping, front ledge to span all three units

Let me know of any questions!

Thank you,

Roxanne Holt (she/her)

Subject: [EXTERNAL]Drawing Request - La Petite Auberge - Vulcan

[EXTERNAL]

Hello Roxanne,

Hope you have been well! Can you please work up a picture or 3D drawing (whichever is easier) of this line up that was ordered for La Petite Auberge? They need this for the fire suppression guys so that they can figure out how they can set up the incoming suppression pipes. Any dimensions would help greatly.

See the purchase order attached below and let me know if you need any more information to be able to work this up.

Thank you,

Dan Peckaitis
