Subject: Order - New 4-Series - Lee Healthcare Children's Hospital (Scerbo) - Due=ASAP  
Importance: High

Hello,

Order is in house for a custom 4-series unit – project is Lee Healthcare Children's Hospital.

I have attached the following:

1. My quote (see for specification details).
2. A sketch from the DSM but use the dimensions off my quote as they changed.

Other details for this project –

The shelf added to the top of the unit is to be stainless steel (similar to the Classic breath guard, with out the acrylic).

The customer did want qty 2 – 2 well units, not qty 1 – 4 well unit.

Cut outs on the customer side (which is against the wall) for access to equipment only.

Requested deliverable = Rendering and CADs

Please let me know if you have any questions.

Thank you,

Sheila
