Thank you David!

Is it possible to switch the oven base and cabinet base on the center range?

They would like the cabinet base to be in between the range and the refer base.

Appreciate the quick turnaround!!

Hi David,

One final revision please. See attached for layout.

- Switch broiler and cheesemelter positions
- Move hot top unit behind griddle w/ refer base (back to back)
- Add VACB60/ARS60 behind 8 burner range (back to back)
- Add (2) VWT12B units to the end

Let me know if you have any questions.

Thanks!
