Subject: NEW (4-Series) - Marukai Market (English) DUE = Next Available

Hello,  
Sales is requesting drawings for Marukai Market.

I have attached –

1. Quote
2. Sketch from sales

\*\*This has not been started in Concept. If needed, please let me know.\*\*

Other details –

1. Electrical for both units is to be 208V 3 phase (this was confirmed to work by Anthony Misci).
2. The cord from the hot can go underneath the units and up into the cold/soup unit to plug into the electrical (customer electrical coming down from the ceiling which is why there is a grommet in the countertop). The filler panels will help hide the cord going from one unit to the other.

REQUESTED DELIVERABLE = Drawing Packet

Please let me know if you have any questions.

Thank you,  
Sheila
