Hey David,

Just wondering if you have had a chance to look at this one yet?

Thank you,

Okay, thank you!

David is there anything else you need to put together this design?

- Roxanne

This is perfect – the only thing I did put were the 2 outlets they wanted on the hatco side.

It doesn't match exactly, we are shifting the work top on the one side – this is coming out for budget pricing.

Phyllis,

I am having a bit of a difficult time understanding the updates. Can you list out left to right on side A and side B what item is in what position? Neither the equipment list nor the design match what you describe.

Also, the Vollrath is very deep and must sit on a custom cabinet – where do you want the ref bases to be under?

Note: Similar item shown

Thank you,

Checking on this one too.

Some additional notes are below:

There are 2 refrigerated bases on the schedule but the drawings that show the equipment only show 1.
There are 2 6 burners on the drawings, but on the equipment schedule, directly under the refrigerated bases, there is
1. They flipped these

We are left with a VWT18 that is not on the schedule. You can fit a refrigerated base under the VWT and the VCCB
and use a cabinet under the Vollrath pcs.

Thank you,

[EXTERNAL]

There are some discrepancies on this – I did a quote but it is ROUGH. Notes from josh at the bottom of the email along with the link to the drawings.

Phylliss,

Can you please see the below link for our Masonic of NY project.

☐ [2022.06.06](#)

If you could make sure we have 2 DCR's located up front here.

5 EXPO KITCHEN - ISLAND, 3D
NTS

ADD 2 dcr'S TO
THIS SIDE

Just a heads up, we don't need risers on this one. Mike will be reaching out to you as well.
Thank you much!
