Good morning David,

Sincerest apologies for the last-minute request but Next Step Design overlooked asking for it when the equipment was quoted and needs it ASAP (they asked for it today but please do the best you can).

Please provide a drawing in their format (plan view, isometric, elevation and utilities specs including total BTU per line up) for their project OTG LGA Momosans Sushi and Burger. Attached are the CAD plan and the PDF copy with the equipment outlined in red. A copy of our quote for the equipment spec is also attached. The cheesemelter is being wall-mounted (by others) above the griddle which is sitting on the refrigerated base. The range has a tubular shelf above it (Item 18, by others) so we need not show it in our drawing.

If you have any questions or need anything else, please let me know.

Thank you!

David

The dealer wants a note added to the drawing as shown on the attachment.

Thanks,
Steve
