Good morning David,

Please provide a drawing for Next Step Design in their format (plan view, isometric, elevation and utilities specs including total BTU per line up) for their project called Project Blue L9 5 Greek Restaurant. Attached are a PDF file with the quoted equipment outlined/highlighted in red and a copy of our quote for the equipment spec. The drawing file is needed by COB 2/15/22 or sooner. Please note Item 84 has been changed from the VWT12B shown on the plan to a VWT18B.

If you have any questions or need anything else, please let us know.

Thank you.
