Hi David!

Hope you are doing well!

Was hoping you could put a rendering together on items 1 thru 5 on the spreadsheet below. I have attached the existing line up so you can see how it will be configured.

The only tricky one is Item 2. It will need to be a manifolded piece that will appear as one (12" worktop/4 burners/12" worktop) with 48" common front and 48" common high shelf.

Please let me know if you have any questions.

Thanks!

Danny
